OBJECTIVE — To utilize my relentless creativity and design skills as a part of a team to create innovative and boundary pushing experiences and products.

EDUCATION — **University of California Irvine** | May 2022–August 2022  
**Full Stack Development Coding Boot Camp**  
Completion of the Full Stack Web Development program from UC Irvine.

**San José State University** | 2009–2014  
**Bachelors of Fine Arts in Graphic Design**  
Degree in the highly respected and competitive BFA graphic design program at SJSU.

PROFESSIONAL EXPERIENCE — **Alcon. Lake Forest, CA** | February 2020–April 2022  
**UI UX Designer**  
Designed the User Interface and Experience of the latest cutting edge technology in Ophthalmology Surgical Devices. Focus was on creating efficient and intuitive surgical procedure workflows as well as giving it a modern, contemporary aesthetic.

**Viscira. San Francisco, CA** | December 2016–May 2019  
**Lead Visual Designer**  
Collaborated with production teams at a fast-paced agency environment to create and improve media pieces for numerous pharmaceutical brands. Worked on a wide range of mediums including virtual/augmented reality, phone/tablet applications, tradeshow, print, video.

**Starlite LED/Flip Chip Opto/Cofan USA. Fremont, CA** | August 2015–August 2016  
**Lead Visual Designer and Marketing Manager**  
Implemented a contemporary visual aesthetic to the brand to connect with new targeted demographics. Emphasis on creating and managing graphic assets for various marketing platforms including social media and tradeshow.

**Linc Global Inc. Sunnyvale, CA** | July 2014–September 2015  
**Graphic Designer and Media Manager**  
Illustrated creating memorable experiences that bring businesses and people together. Focus on creating, promoting and managing graphic assets for marketing campaigns. Lead in setting aesthetics for Linc's website, social media, presentations, stationery, and even office interior.

**Mineta Transportation Institute. San José, CA** | May 2012–December 2014  
**In House Graphic Designer and Photographer**  
Worked with the MTI team to create various print materials to further promote and progress the prominent work of the company; this includes creating brochures, flyers, invitations, holiday cards, posters, photographs, display boards, posters among others.
